Dear Dan,

I am writing to you today to express my full support for Noise Oversight Committee (NOC) Resolution 01-2014, which recently passed during a special meeting of the NOC on March 6, 2014. I had collaborated with the other community members in the drafting of the resolution, and support it, but due to an anomaly in scheduling, official City of Minneapolis business kept me from being able to attend the meeting. The City of Minneapolis alternate has been recovering from a bicycle accident, so was also unavailable to attend.

These combined events left Minneapolis without a body at the dais, but that lack of a vote in favor of the resolution does not lessen the City's support for notifying the FAA of their obligations to public process should they choose to develop RNAV or other NextGen procedures at MSP.

Sincerely,

CC: Paul Rehkamp, Chair PD&E
